

Veterinary Neurology and Imaging of the Chesapeake is looking to hire a full-time VTS in Anesthesia and Analgesia, or an RVT with anesthesia experience. We are a fast-paced specialty practice located within Chesapeake Veterinary Referral Center (CVRC) in Annapolis, Maryland and Towson, Maryland.

CVRC is a shared facility that encompasses specialists in emergency and critical care, neurology, oncology, cardiology, surgery, internal medicine, and ophthalmology. Candidates must have experience in all areas of anesthesia, including, but not limited to: anesthesia induction and intubation, monitoring, record keeping, knowledge of anesthetic medications, CRI calculations, sterile technique, and operating room preparation.

The ideal candidate would have at least 2 years of experience in a specialty hospital setting, or in a position with a high surgical caseload. We are looking to add a team player who has strong communication and time management skills.

Benefits for full-time employees include competitive salary, 401K, health insurance, pet insurance, life/accident/disability insurance, professional dues, CE, and paid time off. Some weekend availability is required. All potential new hires are required to pass a criminal background check, and a pre-employment drug test.
