

Licensed Veterinary Technician (LVT)
Veterinary Surgical Centers
Location: Vienna, VA and Leesburg, VA

Don't just take a job - advance your career!

Veterinary Surgical Centers (VSC), the leading small animal surgery and rehabilitation practice in Northern Virginia, is seeking energetic and motivated **Licensed Veterinary Technicians (LVTs)** with anesthesia experience to join our growing team in Vienna and Leesburg, VA.

The ideal candidate will be a positive and energetic individual with **one to three years of veterinary experience**. Candidates with experience in specialty veterinary medicine and small animal anesthesia preferred. We are willing to consider candidates with less experience who wish to advance their knowledge and practice of anesthesia.

He/she also will:

- Be a team player, who excels whether in a group or working alone
- Possess strong communication and problem-solving skills
- Be comfortable with multi-parameter monitoring equipment, inhalant, and injectable anesthesia agents
- Have a passion for improving quality of life for animals
- Excel at multitasking and working cooperatively with others

Duties to include:

- Assisting board-certified specialists in care and surgical procedures, including monitoring anesthesia and providing pre- and post-op care for patients
- Performing all laboratory in-hospital procedures and to prepare specimens for outside laboratories
- Taking patient histories, vital signs, and weights on patients
- Delivering strong and professional customer service to clients, and more!

We are looking to fill full-time positions for our Vienna and Leesburg locations.

*****Fridays, Saturdays and on-call availability required***

We offer a generous compensation and benefits package, including paid time off, paid holidays, uniforms, medical and dental insurance, and discounts on pet care. Please submit a cover letter and resume to careers@vscvets.com.

VSC has three expanding facilities throughout Northern Virginia, in Winchester, Leesburg, and Vienna. Each VSC practice is housed within a progressive, multi-specialty hospital, where our teams work closely with other veterinary specialists every day. For more information and a list of all current available positions, please visit www.VSCVets.com.
