

## **Veterinary Technician, Anesthesia – Full Time**

VetMed Consultants

Send Resume to [Office@vetmedutah.com](mailto:Office@vetmedutah.com)

Website: <https://www.vetmedutahclinic.com/>

Pay \$17+ depending on experience level

Full-time

Holladay, UT

2 positions needing to be filled!

At VetMed Consultants we are non-invasive or minimally invasive advanced procedure clinic. We see referrals from clinics throughout Utah and the United states for different types of advanced procedures. Some of these procedures include Rhinoscopy, Bronchoscopy, Cystoscopy, upper and lower gastrointestinal Endoscopy, CT scans, high dose rate Brachytherapy (radiation therapy), Laparoscopic Liver Biopsy, among others. We are hoping to find a technician to join our team who has experience with and an interest in primarily monitoring anesthesia. We also value compassionate and attentive patient care. Prior experience with endoscopy, CT, radiation, etc are helpful but not required. We schedule appointments Monday-Thursdays; meaning we only work 4 days a week, but be prepared as they can be longer days. We are also closed on all major holidays.

### **What we are looking for:**

- Technician who is comfortable monitoring anesthesia with minimal supervision.
- Comfortable and confident with monitoring long procedures on critical, old, and/or sick patients.
- Willing to learn and adapt to a changing schedule.
- Strong organizational skills.
- Strong communication skills.

### **Your job:**

- Calculate and administer preanesthetic drugs.
- Place and maintain IVC.

- Monitor patients from the beginning of the procedure until discharge.
- Calculate and fill medications.
- Restrain animals.
- Communicate with owners and discharge patients.
- Clean, restock and maintain hospital.
- Maintain patient records.
- Able to multitask, prioritize and manage time efficiently.

### **Benefits**

- Paid time off
- Paid holidays
- Health insurance
- Health Saving Account
- IRA Retirement Plan
- Employee discount
- 4 day work schedule with Friday, Saturday, and Sundays off.
- Uniform allowance
- Friendly, fun yet professional and educational work environment
- Be a part of some cool, trail blazing procedures - including HDR Brachytherapy which Dr. Watkins is the only veterinarian in the world to be doing at this time.

VetMed Consultants is privately owned by Dr. Clayton Watkins.

Office Manager is Amberlee Watkins.
