

Are you a Veterinary Technician Specialist in Anesthesia/Analgesia who is looking to work in a great culture in a beautiful area? Would you love to work with an employer who respects your life/work balance and allows you to play an integral role in delivering superlative patient care? Do you believe that animals deserve a high level of medical care and a pain-free life? If the answers to these questions are yes, then look no further than Aggie Animal Dental Center.

About Us:

[Aggie Animal Dental Center](#) is a reputable practice owned by a Board-Certified Veterinary Dental Specialist, dedicated to providing exceptional dental care to companion animals and captive wildlife. We are seeking a highly skilled and experienced Veterinary Technician Specialist to join our team. Our mission is to improve animals' quality of life by eliminating oral disease. We utilize state-of-the-art technology and provide comprehensive oral care in a quiet, calming environment. All of our staff members are Fear-Free Certified, and we provide individualized care to every one of our patients. We also go above and beyond to ensure that our "pet parents" are treated with respect, compassion and understanding. The practice owner is a certificate holder in Zoo and Wildlife Dentistry, and we provide services to residents at nearby zoos several times a year.

Position Overview:

We are looking for a dedicated and experienced Veterinary Technician Specialist with a focus in Anesthesia/Analgesia. As a key member of our team, you will play a crucial role in delivering specialized dental services, ensuring the highest standard of care for our patients.

Key Responsibilities:

Work with the Veterinary Dentists and Board-Certified Anesthesiologist to develop a comprehensive plan for anesthesia induction and maintenance while ensuring the vitals of the patient are closely monitored.

Ensure patients are comfortable in a stress-free environment and be an active participant in monitoring them for signs of discomfort; recommend pain management as needed.

Operate and maintain anesthesia vaporizers, breathing circuits, scavenge system and patient monitors.

Assist with training of other technicians.

Maintain accurate records and documentation of procedures.

Qualifications:

Certified Veterinary Technician Specialist in Anesthesia/Analgesia.

Licensed in the state of California as a Registered Veterinary Technician.

Proven experience in veterinary dentistry or anesthetic procedures.

Strong interpersonal and communication skills to educate and communicate effectively with clients.

Ability to work collaboratively as part of a team and be self-motivated.
Exceptional attention to detail and organizational skills.
Open to learning and expanding technical skills.
Leadership or Management Skills are not required, but are a plus.

Benefits:

Four day work week
Competitive salary based on experience; estimate \$65,000-75,000 per year.
Health and dental insurance.
401(k) with company match.
Generous continuing education allowance.
Employee discounts on veterinary dentistry services.
A supportive and collaborative work environment.
Assistance in achieving Fear-Free Certification if needed.
Opportunities to assist while we perform dental procedures at local area zoos if interested.
No weekend or late-night requirements.

Aggie Animal Dental Center is an equal opportunity employer. We welcome applications from candidates of all backgrounds and experiences. Interested applicants please email your resume to michellecalcasola@actioncoach.com.

Join our team and make a meaningful impact on the oral health and overall well-being of our animal patients. We look forward to receiving your application!
