

The Anesthesia Nurses employed by the Matthew J. Ryan Veterinary Hospital of the University of Pennsylvania (PennVet) are responsible for ensuring that all patients receive optimal care. This includes the following: focusing on patients, reviewing and interpreting a multitude of information to provide an evidence based approach to the care of the patient, continually monitoring patients to detect changes and intervene proactively to prevent complications. Each Anesthesia Nurse must demonstrate caring behaviors, make skilled clinical judgments, act on behalf of their patient and others, use teamwork and innovation, and teach other members of our health care team (veterinary students, veterinary nursing students, interns and residents).

Anesthesia nurses are responsible for managing routine and emergency cases for the multitude of services here at Penn Vet. Through the diversity of cases and species we treat, Penn Vet is an exciting work environment where learning and teaching are prioritized.

Benefits include competitive medical, dental and vision benefits, 401k matching, CE allowance, scrub allowance, tuition benefits, cumulative PTO and sick time, employee pet discount and special discounts on a range of products and services.

Interested applicants should email a resume and cover letter to the Anesthesia Nurse Supervisor, Carly Carpenter at cgraffeo@upenn.edu
