Job type: Anesthesia Technician
Full-time

Salary:
CVTs- \$25-30+/hour
VTS- \$30+/hour, sign-on bonus \$500.

Integrity Veterinary Center is a specialty and urgent care hospital located in Northampton, MA, and we are looking for an experienced CVT or VTS to join our new Procedure department. We currently offer oncology, internal medicine, outpatient ultrasounds, urgent care, and limited out-patient surgery. The procedure department provides anesthesia and nursing support for our surgeon, internal medicine, and other departments as needed. We are committed to practicing the highest standard of medicine, with the aim of helping each patient live comfortably and happily for as long as possible.

High case volumes and widespread staffing shortages are leading to burnout across the field of veterinary medicine. Given this, our aim is to build a healthy and sustainable working environment for our whole team. More specifically, we prioritize work-life balance (benefits include 4 day work week, 3 weeks of vacation), fair wages, kindness and respect (zero tolerance for abusive behavior from clients), and honest/open communication practices. Benefits include monthly pet insurance reimbursement, uniform stipend, health insurance, 401K, and CE PTO and stipend.

Applicants should be comfortable with jugular and peripheral venipuncture, IV catheter placement, basic laboratory skills, and sedation and anesthesia monitoring. Prior experience (and proficiency) with specialty medicine, surgery, or emergency and urgent care preferred. Ideal candidate will be a VTS in Anesthesia & Analgesia.

Please email a cover letter and resume to lauren@integrityvetcenter.com to apply!
