Choose a method of recertification below:

Taking and passing the examination

You will be notified when and where to take the exam and will be required to pay the exam fee and any travel expenses. You may not be eligible if you signed an agreement to give up the option to take the examination when you agreed to serve on the examination committee or rate the examination. Failure of the exam will result in loss of your certification and you **must** return your certificate to the academy secretary.

You are responsible for any fees related to sitting for the exam (exam fee, lodging, travel).

Choose not to reapply and lose my certification.

You may choose not to apply for recertification, recognizing that you will no longer be certified as a veterinary technician specialist (VTS) in Anesthesia & Analgesia. Your loss of certification will be recorded as voluntary and not as the result of any disciplinary action if you are currently a member in good standing. You will be **required** to return your certificate to the academy secretary.

Meeting the continuing education requirements.
