

AVTAA Recredential Application

Name (Last, First, MI)

Street address

City

State or Province

Country

Postal code (zip code)

Phone number

E-mail

Current employer

Current employer's address

Are you currently credentialed to legally practice in your state or province? ""Yes ""No

Choose a method of recertification below:

Taking and passing the examination

You will be notified when the exam will be offered and will be required to pay the exam fee and any fees associated with the testing center. You may not be eligible if you signed an agreement to give up the option to take the examination when you agreed to serve on the examination committee or rate the examination. Failure of the exam will result in loss of your VTS credential.

Choose not to reapply and lose my VTS credential

You may choose not to apply for recredentialing, recognizing that you will no longer be credentialed as a veterinary technician specialist (VTS) in Anesthesia & Analgesia. The loss of credential will be recorded as voluntary and not as the result of any disciplinary action if you are currently a member in good standing. You will be **required** to cease all use of the VTS (Anesthesia & Analgesia) title.

Meeting the continuing education requirements.

.....You must complete the CE forms

Scores Total – *all sections*
